

By the Light of the Moon: An Island Werewolf Romance

Journalist Harley McKinnon thought her investigative reporting days were over until she agrees to one last assignment on a mysterious adults only resort. The only catch she needs someone to pose as her boyfriend. Her smokin hot neighbor seems like the obvious choice, and pretending to be in love with Cole wont be a problem. But keeping her heart intact when the charade ends might be a different story. Cole Windsor has been fighting his fierce attraction to Harley for months. When he insists on accompanying her, no one is more surprised than him. An island fling could be exactly what he needs to satisfy the beast-like craving to claim her as his own. Except their island paradise is more than it seems, and those bent on silencing Harley may force Cole to choose between protecting his secret and the one woman who tempts him like no other.
