

Bound as the World Burns: An Apocalyptic Interracial BDSM Romance

At the end of the world, Cassidy found something she never expected. Love. The sweet college freshman never even made it to her first day of classes. She never dreamed shed be trapped in a bunker during the apocalypse, and her parents would not approve just how quickly she fell for the buff black man, Leon. Yet when he taught her how to serve and please him, she realized just how much she needed a dominant man to take care of her. The end of the world is nigh, and emotions run high in the desperation of the moment. Is it just a fling as everything collapses around them? Or can something more blossom? An apocalyptic interracial BDSM romance.

This novella contains a reluctant young woman falling for an older man outside of her class and race, including m/f consensual sex, oral sex, and BDSM themes including pleasure denial and an introduction to a 24/7 lifestyle. 30,000 words. ~~ Excerpt: So smoothly he stroked up over her thigh, his fingers feeling out along her rear, the waistband of her panties. It was all so sudden, having just met her but hours before, but he couldnt resist. The world might be ending, and this beautiful little white girl was all he might have to find pleasure in before the end. She was a docile woman at the best of times. She wasnt unmoving. Certainly not. Her hands and arms worked around him, hugging him to her as she made soft little noises like a lonely animal that needed human affection. Something that shed never had before. The world had ended for her, and shed never done the things she wanted to do. Teach a class. Get married. Have kids. It was all destroyed along with society, and this was one thing she could take back. Cassidy didnt want to die a virgin, and if she had to give it to some random black man for the protection he could offer, than she was willing to do that.

Leon slipped her bra away, exposed those generous breasts of hers. They made

delightful mounds, those c-cup beauties, and he finally relinquished her lips to kiss down to them, grasping one in his hand as his dark lips sought out the pinkened areola and nipple. They were so delectable and he groaned with desire as he suckled one.
