

## Finding Sam

For single mother Sam Martin, her life as far as she knows it, is broken - broken by a painful past she can't let go of and an ex-husband who won't take no for an answer. But when she meets a man who accepts her just the way she is - scars, juvie records and even the constant self-doubt she knows that accepting his love is not enough to live the life she deserves. For to move on with her life, she needs to let go of the mistakes of her past, and accept herself just the way she is. But is letting go really that easy to do?

Nathalie Carter wants one thing: independence. She has paid her dues by living at home under her parents watchful eyes, earning grades to give her a ticket. For single mother Sam Martin, her life is broken, derailed by a history of abuse, broken dreams, and an ex-husband who refuses to take no for an answer. Suddenly, life becomes a much better place, made even better when Sam learns that Erik holds a special piece of her past.
