

Claritys Doom (Ancient Origins Book 1)

A massive sinkhole phenomenon strikes terror on Earth and brilliant soon-to-be science graduate Clarity is sucked into a vortex that lands her on an alternate Earth planet where hybrid dinosaurs inhabit lush jungles. When caught in a fierce storm, she's rescued by the most magnificent alpha male with a serene yet hypnotic gaze she's ever encountered. As stunningly handsome as he might be, Clarity is no one's fool. There is deception in his intense gaze. A warrior marked by death, an executioner by force, Doom leads the victims of sinkhole gatherings to slaughter. Each tattoo adorning his flesh depicts a sad tale of loss, a burden he must bear. But when he finds Clarity, she's spunky and filled with a determination he's never before encountered. Something inside him rises to meet her challenge to save his people, his very soul. Hell protect her at any cost, even if it means his life.
