

Both power and sailing crafts are discussed, as are a wide variety of boatbuilding materials from traditional as well as high tech wood construction, to fiberglass, steel and alloy. Engines and rigs come under scrutiny, and the important matters of storage and finance are also examined. This practical reference book will be invaluable for anyone buying, selling, or restoring classic boats.

Taken by Fire, Undertow (The Redemption Series Book 2), Chosen: Part Four (Allure Book 4), Constance: A Novel, Passionate Spirits, Business Masterminds: Bill Gates, Lackawanna Railroad in Northeastern Pennsylvania, The (Images of Rail), Pulse: Stories, F814: Cyborgs: More Than Machines (Volume 2),
