

Hello Again (In The Garden Book 1)

Piper Daniels has one wish to keep her little brother out of trouble but her work schedule and a lack of activities for teens in her neighborhood complicate that mission. When she latches onto the idea of starting a community garden, it seems to answer all of her requirements. Until she realizes who owns the property she wants to use. Reece Stone was the love of her life ten years earlier, until he left with only a phone call goodbye and no explanation. Now he's the head of Stone Enterprises, and he's thrilled at the chance to make amends and spend time with the woman he's never been able to forget. He knows they can find love again, if he can melt her anger enough to give him a chance.
