But as the newest nurse on Y4, the secret ward hidden in the bowels of County Hospital, Edie has her hands full with every paranormal patient you can imagine—from vamps and were-things to zombies and beyond... Edies just trying to learn the ropes so she can get through her latest shift unscathed. But when a vampire servant turns to dust under her watch, all hell breaks loose. Now shes haunted by the mans dying words-Save Anna-and before she knows it, shes on a mission to rescue some poor girl from the undead. Which involves crashing a vampire den, falling for a zombie, and fighting for her soul. Greys Anatomy was never like this...Cassie Alexanders first book about Nurse Edie Spence is dark and energetic.
