

French Kiss: Navy SEALs of Valor 3 (Volume 3)

Karl Patterson and seven other SEAL Team Six men are deployed to Paris to raid a Le Marais duplex believed to be a terrorist hideout. Finding it abandoned and rigged with explosives, the sailors barely escape. After they return to their hotel anticipating a night of rest and awake to an explosion and raging inferno, Karl and his teammates realize they are one step behind the Red Queen. Not only is she still alive; she's also hell-bent on vengeance and plans to unleash terror the city won't soon forget.

Journalist Jamie Phillips awakes to the sound of an explosion and rushes to her hotel window in time to see the perpetrators fleeing from the blackened skeleton of their van. Rushing to escape engulfing flames, she nearly succumbs to the overpowering smoke and falling debris, but is suddenly rescued by a drop-dead gorgeous man she suspects is Special Forces. Attraction between Karl and Jamie burns hotter than the flames consuming the du Luxembourg area hotel. Karl struggles to wipe Jamie from his mind and refocus on the Team's mission. But heading to the hospital and forgetting Karl aren't part of Jamie's plan. Thanks to her keen journalist observational skills, she picks up on key information that just might help SEAL Team Six stop the terrorists.
