

The Barbarians Captive

Light years from home, plant biologist Lt. Eva La Croix and her all-female exploration team land on a planet they believe is a perfect substitute for the dying Earth. They are set upon by huge alien hunters and Eva is captured by the barbarian leader. Tossed over his shoulder, she is carried back to camp, tethered to his bed, seduced by his touch, and claimed as his own. In spite of her fear, she is captivated by the gorgeous, dominant male with his long gleaming black hair, smooth bronze skin, and glimmering golden eyes. Expecting her full compliance, he strips her naked and prepares her for an intimate and very thorough inspection. Horrified, Eva protests, but quickly learns defiance will be met with swift consequences, including a bare bottom spanking until he proves to her who is in command. Deemed compatible, she and her teammates are whisked away to the barbarians world where they are mated to these powerful men. While pampered and protected, the women are expected to submit to their males authority and breed their young. Will Eva learn to adapt to their unusual beliefs and old-fashioned ways? Can she sacrifice her independence and surrender to this dynamic, highly sexual alien male who has conquered her body, and perhaps her heart? Or when escape is imminent, will she flee with the others, never to see him again and feel the rampant desire that now surges through her blood for her compelling barbarian mate?

Publishers note: The Barbarians Captive is a romantic novel containing sexual scenes, spanking, elements of BDSM, medical and anal play, and some acts of dubious consent. If this subject matter is offensive, please do not buy this book.
