

## Lauries Time (Fairfield Series) (Volume 2)

Beautiful Laurie Dodd was perfectly happy with her life. Raised by her loving aunt, she was ready to discover life out on her own. A new town, a new teaching job, a new apartment, and new friends. Finding a new man was not on her list, especially not one with the reputation of a player. Rob McDonald, a local firefighter, had grown tired of one-night stands, but had no desire to be paired with the new woman in town. Until he met her. One look was all it took and Rob knew that Laurie was the one for him, but he was going to have to work to convince her that he was a changed man. One that was worthy of her. A fire at the elementary school brought them together, but illness and deceit threatened to tear them apart. Will Rob be able to find the missing pieces of Lauries past to help her fight for her future? Will Laurie be able to forgive Robs deceit in order to have a future with him?
